## OF SUNDAY'S MURDER

Hearing Was Given Kapsica at South  
Strafford Yesterday Afternoon and  
He Was Bound Over to the  
County Court.

South Strafford, Sept. 1.—The hearing for Coste Kapsica, the Polemar who is alleged to have struck Mike Nimschick, a fellow-countryman, over the head with a club, instantly killing him, last Sunday afternoon at a neighbor's christening, was held before Justice William R. Sanborn of this place yesterday afternoon. State's Attorney, M. M. Wilson of Randolph prosecuted and Stanley C. Wilson of Chelsea represented the respondent.

Progress in the hearing was slow, because an interpreter had to be used. Joe Eliak acted in that capacity and translated everything that was said. The respondent was bound over to county court, and several Polish miners in the copper mines, who were said to have been present when the affair took place, were held as witnesses for the higher court. Kapsica was taken to jail last night.

Earl Hill, Accused of Having Shot Down  
a New York Farmer.

Norwich, N. Y., Sept. 1.—Earl Hill, who has had the officers of several counties and been hunted in two states since last Wednesday, when he is accused of having shot down at West Bainbridge, this county, Edwidge Davis, a well known farmer, who had befriended him, walked into the home of his father, Lewis Hill, at Onondaga yesterday, having just arrived from Carbondale. The elder Hill escorted his son to police headquarters where he was turned over to Sheriff Beardsley of this county, who brought him to the county jail here to await the grand jury's action.

Hill is about 29 years old. He told the police a different version of the crime from that related by his companion, David H. Bost, also of Onondaga, and also in jail here. Hill declared to the officers that Bost, who is also known as Daniel Underhill, shot Davis, and that as soon as Hill saw what was done he ran away. He expressed surprise on learning that the officers of three counties and two states had been looking for him nearly a week.

HIGSEN INFORMED  
OF HIS NOMINATIONPoor Health of the Vice-presidential  
Candidate, Graves, Presented a Dual  
Independence League Notifica-  
tion Last Evening.

New York, Sept. 1.—There was not room enough in the new clubhouse of the Independence League to hold the large crowd that gathered last night for the dual purpose of being present at the notification of Thomas L. Higen, Independence party candidate for president, and the housewarming of the club. It had been the intention to show the party leaders the new club quarters, but as every inch of room in the modest little building in Waverly place was occupied, this was almost impossible, but the attempt was made and this delayed the notification ceremonies to a late hour.

William R. Hearst and Mr. Higen entered the clubhouse shortly after nine o'clock and were greeted by an outburst of cheering. Higen was enthusiastically referred to as "the trust buster," and "our next president." These titles brought forth more cheering.

Many inquiries were made for John Temple Graves, the party's candidate for vice-president. It had been originally planned to have Mr. Higen and Mr. Graves notified at the same time, but owing to the poor health of Mr. Graves this plan was abandoned. He is at the Warm Sulphur Springs, in Virginia.

Henry A. Powell, chairman of the notification committee, presided. He said in view of the signs of the times, the new party was destined to be historical in the future of the city, state and nation. Mr. Powell told Mr. Higen that he had been selected as the standard bearer of the new party and then there was prolonged cheering when Mr. Higen rose to reply, and it was several minutes before the candidate could begin. He read his address.

MADE DEFENDANT  
IN \$100,000 SUITByron D. Chandler Is Charged With  
Breach of Promise By Miss Joan  
Sawyer, an Actress.

Boston, Sept. 1.—Byron D. Chandler of Reading is again a defendant in a breach of promise suit. Miss Joan Sawyer, an actress, yesterday entered suit asking for \$100,000 damages against him, in the superior court of Middlesex county through her attorney, W. R. Sharton.

Miss Sawyer was in Raymond Hitchcock's play, "The Merry Widow," which was in this city last week. The declaration alleges that the plaintiff had the defendant's promise to marry her and relied upon the defendant's representation that he was then unmarried, but that later he refused to marry her for the reason that he was a married man.

Oct. 15 is the last day set for the defendant to make an appearance. In the mean time, "Red Hill," Mr. Chandler's 40-acre estate at North Reading, has been attached.

Miss Sawyer says that while she was in Boston last year as a member of "The Hurdy-Gurdy Girl" company she was known as Mrs. Chandler, and as such carried accounts at local department stores and met the friends of Mr. Chandler. The real Mrs. Chandler, formerly Grace Estelle Stencier, a New York singer, is now living at a fashionable apartment hotel in that city.

Young Chandler is the son of George Byron Chandler, former president of the Amoskeag bank of Manchester, N. H. He has spent money lavishly, traveled by automobile through France, and is reported to have given entertainments which attracted attention in Paris. Once his license to run an automobile within this state was taken away for several months.

## ROACH—LAWRENCE.

Wedding in St. Augustine's Church This  
Morning.

Miss Helen M. Lawrence and Daniel H. Roach were married at St. Augustine's church in Montpelier this morning at nine o'clock before one of the largest crowds that ever attended a wedding in the neighboring city. The ceremony was performed by the Rev. W. J. O'Sullivan. The bride was attended by Miss Ida Hughes, who wore a dress of pink. Currie Lawrence, a brother of the bride, was best man, while the ushers were John Cranahan and John Lawrence. The bride was becomingly attired in an emerald gown of point d'esprit over pale blue silk; she wore a picture hat and carried bride's roses. Miss Florence Cashen rendered several impressive selections on the pipe organ during the ceremony.

The wedding party then went to the home of M. J. Doyle, where a wedding lunch was served. Mr. and Mrs. Roach will spend some time at the groom's former home in Fulton, N. Y., after which they will go to New York City, where Mr. Roach will begin a theatrical engagement with Brady and Grismore, playing probably in the metropolis. Mr. Roach's first introduction hereabouts was as one of the leading actors in "Way Down East."

He is the owner of several moving picture shows in this city and in Montpelier, and he has been in this city all the summer managing one of them. During that time he made a large number of friends, who will extend their congratulations to him, also to his bride, who is one of the popular young ladies of Montpelier. For several years she has been employed as an operator in the Montpelier telephone exchange.

## BODY IDENTIFIED.

Man Found Drowned in Connecticut  
River at Windsor.

Windsor, Sept. 1.—The body of the man found floating in the Connecticut river Sunday, near the tollbridge, which has been lying in Cabot Bros' undertaking rooms since, was identified yesterday as that of Fred Field, a laborer of this town. He had been missing since Tuesday, having worked that day on the village streets. Dr. S. C. Sanders of Claremont, N. H., coroner of Sullivan county, regarded an inquest unnecessary, as there was only slight indications of foul play, a few bruises on his face and hands, which might have been made by the action of the current upon the body. Funeral services were held yesterday afternoon, with burial in Ascutney cemetery.

W. Hervey and F. H. Hunter concealed a gold watch in the scrap iron heap on Main street, after driving about town. Kenneth was watched by Dr. L. Jarvis and after being blindfolded took the ruins of the back horses and drove like mad down Broad street and finally stopped at the scrap heap, took Dr. Hervey's hand and immediately found the watch hidden in an old engine cylinder.

The Heart.

Libbey was a bookbinder and came here from Montpelier Saturday. He had obtained employment with the Tuttle Co., and was to have gone to work yesterday morning.

As Libbey did not appear at the time expected, and could not be aroused the proprietor looked over the transom into his room, and saw the body on the bed. The proper officials were summoned and it was pronounced a case of suicide.

Libbey had excellent references and his character was said to be of the best. His health was probably the motive for death. He was a member of the Knights of Pythias organization. He is survived by a wife living in Augusta, Me.

## THE REPUBLICAN PREDICTION.

Chairman Williams Set 30,000 as the  
Outside Limit.

Newport, Sept. 1.—Chairman F. C. Williams of the Republican state committee gave out the following statement last night on to-day's election:

"The Republicans will poll a very large vote and have a plurality for Proctor and Mead rising to 30,000. I find that the people are as much interested in the election of Taft as they were in that of McKinley. The state platform of the Republican party is more progressive than ever and the citizens forming the rank and file of the party are well alive to the importance of to-morrow's plurality and its effect on the nation. As much enthusiasm has been manifested in the rallies held the past two weeks as in any national election I have ever known. The attendance and enthusiasm have, in fact, been record breakers and indicate a large vote to-morrow."

Partially Polished.

Coombs, a motorman on an Essex Junction car, saw the meteor fall on the Weston hill near Winooski. It is of a peculiar substance, resembling granite. One side is perfectly smooth and a portion of it has a fine polish, this probably being caused by intense heat. It weighs about ten pounds.

CORPORATION  
IS FORMEDTo Operate Barre White Granite  
Quarries

## TRANSFER HAS BEEN MADE

Capitalized at \$100,000, the Corporation  
Will Push the Development of the  
Cobble Hill Section—H. J. M.  
Jones, President.

A corporation which has been recently organized under the laws of the state of Vermont has purchased the real estate and the business formerly owned by the Barre White Granite company of Barre, the transfer having been completed to-day. The capital stock of the new corporation is \$100,000, and the incorporators include some of the well known business men in the granite industry. The new company will do business under the old name of the Barre White Granite company and it starts out with confidence that the output of its quarries will be materially increased.

The corporation intends to make a specialty of building and mausoleum work, as well as lower bases for monuments, and especially hopes to interest the wholesalers and retailers as well in lower bases for Barre granite monuments, whether in the rough or finished, and thus help to hold in Barre this part of the granite industry which rightfully belongs to this community.

The Barre White company owns, or has quarrying rights on, about 100 acres of land, upon which there is an inexhaustible supply of beautiful white, or light. Its formation is such, laying in sheets of nearly any required thickness or dimensions, that it can be quarried very cheaply and consequently this company can meet nearly all competition. Noticeable among some of the monuments and buildings made from granite produced from these quarries are: the Vermont state capitol at Montpelier, the Lovejoy monument erected at Alton, Ill., the Vicksburg memorial at Vicksburg, Miss., the police station in Brooklyn, N. Y., and the Episcopal church in Barre.

The officers of the new corporation are: president, H. J. M. Jones of Jones Bros. company; vice-president, Richard V. Storer of Chicago; clerk and treasurer, A. G. Fay of Barre; manager, F. T. Cutler of Barre; directors, H. J. M. Jones, Donald Smith, John Trow, F. T. Cutler, R. V. Storer, A. G. Fay and H. A. Phelps.

## PLANS FOR LABOR DAY.

Intercity Park and Benjamin's Falls  
The Scene of The Festivities.

Present indications tend to show that if the weather is favorable the Labor Day celebration at Intercity park next Monday will be one of the most successful ever held by the Central labor union. While there is no parade, amusements enough will be furnished at the park to afford a full day's amusement. Besides the games and attractions at the park the Central union has made arrangements to use the Benjamin falls side of the road, and refreshments will be served at booths there.

The ball game between the Italian team and the Graniteville team should of itself furnish a drawing card to bring a large crowd. This is the sixth game that these two teams have played and each team has won three. The tug of war for a purse of \$20 is open to any eight men teams in the city or outside, whether they represent a labor union or society.

Stewart Reid, the speaker of the day, is one of the most eloquent men connected with the American Federation of Labor and comes to Barre with the highest recommendations as regards his ability as a wide-awake labor advocate.

The usual number of races and games has been provided for the amusement of the patrons for all of which liberal prizes are offered to the winners. A special feature of the day will be the ball at Woodmen's hall in the evening, at which Gilbertson's union orchestra, the only union musical organization in this section of Vermont, will furnish music.

Arrangements have been made whereby special trains will be run from the quarries and a special car will be run to Montpelier after the ball.
